Provider's guide to Medicare Advantage medication management

**Cigna-HealthSpring Preferred H2108-028 (HMO),
Cigna-HealthSpring Achieve H2108-029 (HMO C-SNP)**
(DC/Delaware)

Consider a formulary medication on a lower copay tier.

All Medicare Advantage patients receive an Annual Notice of Change which lists medications that Cigna covers. Please review this list to determine if there is an alternative medication that offers a lower copay.

Consider prescribing a **90-day supply** of a generic medication to help patients save money and time.

- **\$0 copay** for a 90-day supply of Tier 1 and Tier 2 medications.
 - Deductibles may apply.
 - Medicare rules require application of coinsurance for Coverage Gap and Catastrophic benefit phases.
 - LIS copays are applicable in all benefit phases.

Cigna Preferred Home Delivery Pharmacy:

- The Express Scripts PharmacySM uses e-prescribing or call **1-877-860-0982 TTY (711)**, 7 a.m. – 11 p.m., Monday – Friday (CST)

PATIENTS WITH LOW INCOME SUBSIDY (LIS)			
LIS level	Deductible	Generic copay	Brand copay
1	\$0	\$3.60	\$8.95
2	\$0	\$1.30	\$3.90
3	\$0	\$0	\$0
4	\$89	15% coinsurance	15% coinsurance

The maximum copay for a 90-day supply is the same as the maximum copay for a 30-day supply.

Over 32,000 independent, regional and chain pharmacies included in the Preferred Network
