

MEDICARE ADVANTAGE AUTHORIZATION REQUIREMENTS

For dates of service on or after January 1, 2020

These authorization requirements apply to all Cigna Medicare Advantage markets except Arizona and Leon health plans.

These authorization requirements do not apply to Medicaid only and Medicare/Medicaid Plan (MMP) plans.

This document lists services, items and medications that require authorization prior to being provided or administered for Cigna Medicare Advantage participating providers.

- Any code included on this list requires authorization regardless of how it is classified on this document.
- Authorization is not required for emergency or urgent care.
- All services and products supplied, delivered, or performed by non-contracted providers require authorization, excluding emergent or urgent care.
- Some radiology, radiation therapy, and cardiac imaging services are managed by our external delegate: EviCore. Please see the eviCore website for more details: EviCore.com/Cigna.

Services must be provided according to Medicare coverage guidelines established by the CMS. According to the guidelines, all medical care, services, supplies and equipment must be medically necessary. You may review Medicare coverage guidelines at CMS.gov/Medicare-Coverage-Database/.

Authorization requirements

When required, it is the participating provider's responsibility to obtain authorization prior to services being rendered. Facilities are encouraged to verify that a prior authorization has been approved before providing a service or item, unless the service is urgent or emergent care. Payment may be denied for services rendered without authorization.

All final decisions concerning coverage and payment are based on plan customer eligibility, the customer's benefits, the care provider's contract and applicable State law at the time of service delivery. An authorization number or referral number is not a guarantee of payment. Please always verify benefits.

Authorization requests can be submitted by phone, fax or via web-based [HS Connect \(HSC\)](#). For an overview of capabilities and instructions for obtaining access, visit the HSC section of the Provider Manual at MedicareProviders.Cigna.com/static/MedicareProviders-Cigna-com/docs/Medicare-Provider-Manual-2020.pdf.

Referral policy

Cigna values the relationship between the patient, the Primary Care Physician (PCP) and other providers involved in the patient's medical care. Cigna's network of specialty physicians are contracted to work closely with our referring PCPs to coordinate and improve the quality of care provided to your Cigna Medicare Advantage patients.

In 2020, a referral may or may not be required for a patient to see a specialist. Please refer to the 2020 Provider Manual below to determine if a referral is required for your patient.

Refer to the online directory at ProviderSearch.HSConnectOnline.com/OnlineDirectory.

Call Provider Customer Service, toll-free at **1-800-230-6138**, to locate an in-network health care professional or facility.

For easy searching, hit Ctrl+F on your keyboard, and type the 5 digit code you are searching for.

Admissions

All inpatient admissions, including:

- › Inpatient Medical and Behavioral Health
- › Inpatient Rehabilitation
- › Long Term Acute Care (LTAC)
- › Inpatient Observation
- › Skilled Nursing Facility
