The medications listed above represent commonly prescribed medications at common daily quantities within each therapeutic drug class and are NOT to be considered all inclusive. Efforts were made to include low cost, preferred options whenever possible. This list is effective as of 1/1/2022 and is intended for STD 5T MAPD plans. For a comprehensive and up-to-date medication list, please consult [Cigna.com/medicare/part-d/drug-list-formulary](https://www.cigna.com/medicare/part-d/drug-list-formulary)

In situations where the prescriber feels it is medically necessary to preclude step therapy and/or formulary medications, override criteria can also be located by consulting the link listed above.
